Kindy orientation video resource support

WASCA has been part of Kindy orientation sessions either in the delivery or facilitated delivery across WA since term four, 2011. To date, we have reached over **25,000 families**.

Our presentation is designed to assist families in packing healthy lunchboxes. Resources are given to each classroom and every parent receives a take-home pack.

To provide additional support to all schools we are delighted to launch the **Kindy orientation video**. This seven-minute video can be played at kindy orientations to support and encourage parents to provide healthy choices for their children. In fact, the practical advice in the video is relevant to parents of all young children. The video could be played at other events that parents attend.

The video is complemented by support resources such as the Packed with Goodness booklet and ABCD poster.

To access the video [click here](#) or go to <https://www.waschoolcanteens.org.au/schoolcommunity/parents/>

To order support resources email Amanda.ferguson2@education.wa.edu.au

If you are in the metropolitan area and would like a representative from WASCA to visit your school to present at your kindy orientation session please contact us at wasca@education.wa.edu.au
